Summary

As an electronic engineering graduate and a frontend developer with 2 years of experience, I have a strong foundation in both technical and programming skills. I have collaborated with diverse teams throughout my career to create scalable websites. My expertise lies in HTML, CSS, JavaScript, TypeScript, ReactJS, Next.js, and popular CSS frameworks like Bootstrap, Styled Components, and Tailwind.

In addition to my professional work, I have also volunteered as a tutor in bootcamps, demonstrating my commitment to giving back to the community and helping others learn and grow in the field. I thrive in a collaborative environment, valuing teamwork and effective communication. Furthermore, I consistently meet project deadlines, ensuring timely and successful deliveries.

My background combines technical knowledge, industry experience, and a passion for front-end development. I am constantly eager to expand my skills and contribute to innovative projects.

Experience

Genesys TechHub | Enugu, Enugu

Frontend intern | 12/2022 - Present

- Received comprehensive training in building websites using industry-leading technologies such as Next.js, TypeScript, and styled-components.
- Developed robust and scalable web applications by applying the acquired skills during the internship.
- Actively participated in team projects, collaborating effectively with cross-functional teams to deliver successful web development initiatives.
- Utilized TypeScript to enhance code maintainability and facilitate smooth collaboration within the team.
- Created reusable and aesthetically pleasing UI components using styled-components.
- Gained a solid foundation in Next.js, TypeScript, and Styled Components through the internship experience.
- Contributed effectively to team projects and demonstrated the ability to develop professional-grade websites.

TechGeny | Lagos

Frontend Tutor | 02/2023 - 04/2023

- Taught and mentored students in the fundamentals of HTML, CSS, and JavaScript.
- Developed personalized lesson plans and instructional materials to cater to the individual learning needs of each student.
- Explained complex coding concepts in a clear and understandable manner, ensuring student comprehension and application.
- Conducted hands-on exercises and projects to reinforce learning and practical skills.
- Monitored student progress, provided constructive feedback, and implemented strategies to address areas of improvement.
- Fostered a supportive and collaborative learning environment to encourage student participation and engagement.

KodeHauz | Akwa-Ibom, Eket

Frontend Intern | 09/2022 - 02/2023

- Contributed significantly to the development of a website project using ReactJS and Tailwind CSS during the internship.
- Collaborated closely with the development team to implement key features and enhance the user experience.
- Created dynamic and interactive components using ReactJS, resulting in a smooth and engaging user interface.
- Applied Tailwind CSS expertise to design visually appealing and responsive layouts, adhering to modern design principles.
- Demonstrated strong attention to detail by maintaining code quality and following industry best practices..
- Made a measurable impact on the project's progress and outcome.
- Gained valuable experience and refined technical skills through active involvement in web development during the internship.

ECHub | Lagos, Yaba

Contract Frontend Developer | 08/2022 - 02/2023

- I developed the sign-up and login pages for the website using ReactJS and CSS.
- Collaborated closely with the team to ensure seamless integration and adherence to design specifications.
- Created user-friendly interfaces by leveraging expertise in ReactJS.
- Implemented authentication and validation processes for enhanced security.
- Utilized CSS styling to ensure visually appealing and responsive experiences across different devices.
- Played a critical role in delivering a seamless user journey on the website.

- Contributed to the successful development of key components for an improved user experience.

Skills

HTML5, CSS3, JavaScript, TypeScript, ReactJS, NextJS, Bootstrap, Tailwind, Styled-component, Python, Discipline, effective communication, problem-solving, Time management, adaptability, attention to details

Education

University Of Nigeria, Nsukka | Nsukka, Enugu

Electronic Engineering | 12/2022

I graduated with a Second Class Honours (Upper Division), reflecting my commitment to academic excellence and my dedication to acquiring in-depth knowledge and skills in my field of study. This academic achievement demonstrates my ability to consistently perform at a high level and showcases my strong work ethic and diligence in pursuing educational goals.

Applied Technology | Enugu, Enugu

Frontend Developer | 09/2021

1. Mastery of Frontend Technologies: Through the tech school, I gained a solid understanding of frontend technologies, frameworks, and tools. This accomplishment showcases my ability to apply knowledge in areas such as HTML, CSS, JavaScript, and popular frontend frameworks like React.js, Next.js, and Styled Components.
2. Proficiency in Responsive Design: Successful completion of the tech school indicates my proficiency in implementing responsive design techniques. I have learned how to create websites that adapt and display optimally across various devices and screen sizes, providing seamless user experiences.
3. Project Portfolio: During tech school, I completed numerous projects that demonstrate my skills and capabilities as a front-end developer. These projects serve as a tangible showcase of my abilities and can be valuable assets when seeking employment or freelance opportunities.
4. Problem-Solving Skills: Through the tech school curriculum, I have developed strong problem-solving skills. These skills enable me to identify and overcome challenges that arise during the development process, finding efficient solutions to coding issues or UI/UX problems.

Volunteering

1. Frontend Coach - HerTechTrail Academy: - Acted as a tutor, providing instruction in HTML, CSS, and JavaScript to beginners in frontend development.
 - Demonstrated strong mentoring and communication skills to facilitate the learning process.
 - Assisted learners in building a solid foundation in web development.
2. External Engagement Manager - Professor Ayodele Awojobi Design Competition, 2022:
 - Volunteered as the External Engagement Manager for a renowned design competition.
 - Successfully coordinated and liaised with external stakeholders, fostering productive relationships.
 - Ensured smooth execution of the competition through effective communication and organization.
3. Mentor - Genesys Upskill Program, 2023:
 - Served as a mentor in the Genesys Upskill Program, focusing on guiding individuals in the field of technology, particularly web development.
 - Provided personalized mentorship, offering advice and support to help participants overcome challenges and achieve their goals.
4. Health Pace Initiative (HPI) Research Team Volunteer:
 - Volunteered with the HPI Research Team, dedicated to addressing health fallacies and promoting accurate health information.
 - Contributed to research activities aimed at debunking misconceptions and enhancing public understanding of health-related topics.
